Professional development activities that address the prioritized needs

Describe activities

Technology has been identified as a professional development priority, as we have expanded the number of devices significantly. We utilize Google certified individuals from other districts, along with in-house staff, to provide Google Classroom and other technology training. We are providing intensive training in STEM initiatives, including Robotics and Project Lead the Way.

**Recruiting and retaining effective teachers, particularly in high need subjects**

Describe activities

Our district has offered the opportunity to attain a Master's degree on-site through Missouri Baptist University. Through the students in this cohort, we have the opportunity to "sell" our district and recruit teachers. We are adding a specialist cohort in August, 2020.

**Assisting preschool children in the transition from early childhood education programs to local elementary school programs**

Describe activities

Our early childhood programs are housed in our elementary school, so there is a great deal of interaction among preschool students and elementary age students. Staff participate in all PLC, PD, and staff meetings with the elementary and district staff. In addition, we have a combined PAT, PreK and Kindergarten screening each spring.
